Dear Mr. Shanks

A few days ago I received valuable information from Evelyn Rosemary Frantz. She helped me carry my family back several more generations. Prior to her letter, I only had confirmation of gr-gr-grandfather David FRANTZ and knowledge of Michael I, II, III, etc and Christian I, II, III, etc. Bless her heart, she had the info that tied my David to Michael IV.

Rosemary gave me your name and address and said "the best source to Michael II." I would appreciate any info that you can provide.

Enclosed is a penned copy of the family as I now (tentatively) have it. I also find a computer printout for my family. I have a computer and a genealogy software program that I'm entering data into. (The printout was prior to Rosemary's correspondence. At that time I only knew of five [of ten] children for David [b. 1818].)

I look forward to hearing from you. Best wishes to you and yours for a happy new year.

Warmest regards,
Lorraine Frantz Edwards
