Dear Ted & Dottie

I don't know why I "put it off" but it was Sunday afternoon before I set down to watch the video. Thank you so much for sending it!

I've corresponded w/Caleb Frantz for years — and he bought a set of books. It was nice to "see" him on the video.

I'm pleased that I received some publicity for The Frantz books but wish someone in that tree would share info! Every year I write with the same appeal but every year no acknowledgement. At least I know the letter is read out loud to the group.

Soon I'm going to LaVerne and meet Irene Frantz Bittinger (mentioned on the video). I don't know her but will hasten to make her acquaintance. (LaVerne is about 100 miles from Lancaster.)

I really, really enjoyed the video. I hope to eventually attend that Reunion so I know NOT to expect something like the Studebaker reunion (ha!).

I was thrilled to "visit" the Ephrata ^{Scripture from New International Version} ~~celebration~~ w/you, Ted. I hope to eventually see in person but good to have a glimpse.
