PREFACE

Volume 3 of the Ancestor Chart Project is a list of names which were abstracted and indexed from Ancestor Charts submitted by members of Palatines to America from 1980 to the spring of 1983. Palatines to America accept no responsibility for the validity of the contents of this volume.

Our thanks are extended to members of the Ohio Chapter of Palatines to America who assisted in the laborious task of abstracting and indexing the names contained in this publication. A special thanks is extended to Harold F. Betsch, Past President, Ohio Chapter of Palatines to America for his creation of the artistic cover. In some cases it was necessary to amend the numbering of the charts submitted in order to provide for a uniform system of numbers.

EXPLANATION OF PUBLICATION

PREFACE

Volume 4 of the Ancestor Chart Project is a list of names which were abstracted and indexed from Ancestor Charts submitted by members of Palatines to America from the spring of 1983 to December 1984.

Our thanks are extended to members of the Ohio Chapter of Palatines to America who assisted in the laborious task of abstracting and indexing the names contained in this publication. A special thanks is extended to Harold F. Betsch, Past President, Ohio Chapter of Palatines to America for his creation of the artistic cover. In some cases it was necessary to amend the numbering of the charts submitted in order to provide for a uniform system of numbers.

EXPLANATION OF PUBLICATION

Column No. 1 - Name of Ancestor. (In case the ancestor is a woman, the name of her spouse appears in parenthesis.)

Column No. 2 - Date of event. This will be the date of birth unless preceded by "m" marriage, or "d" death.

Column No. 3 - Place of event. Normally this will be the place of birth. If two places are shown, such as PA/OH, the first place shown indicates location of birth, the second, death. German places are shown by # if furnished by the submitting member and listed below the given names. Spelling of German names has not been verified.

Column No. 4 - The member's code and chart number.

An * by a given name indicates a derivation of the surname. CA - about.

The code number, name, and address of the member who submitted the chart are shown in the supplement of this publication. If you wish to correspond with the member who submitted the chart, please include a SASE (Self-Addressed Stamped Envelope) for the member's reply.
