Lorraine Frantz Edwards:

Oct. 30, 1996

Lawrence Crist sent me a letter asking me to send you data on the Henry Fletcher Brubaker Family, since I am the genealogist in the crew.

I am sending you copies from my Brubaker book of The Josiah and *Lucy* Madora (Eller) Brubaker Family. My husband, who is deceased is the first child, not fifth, as you have. I don't know where your data came from, but it is quite mixed up, as you will see. I hope my method is clear to you.

I received a letter to the availability of the John and Anna Myers Brubaker 1750-1995 and ordered the book, but am very disappointed in it, as only a very few is 1995. I compiled the Josiah Brubaker Family, and sent yearly up-dates to Ethel Weddle until her health failed in 1980, when she ask me to send no more, as she could no longer pursue the work. Therefore the families that I personally know are definitely not up to 1995. My last grandson born in 1981 is, of course, not in, and my oldest *great* granddaughter born in 1980 is the only of our 25 greats in.

In the book they do have Harry Brubaker as a compiler, but actually was Mrs. Harry Brubaker. I have compiled the Josiah ^{Lucy} Madora (Eller) Brubaker Families and The Jacob and Martha Ann (Peters) Boone Families, and send yearly up-dates to parts of each family, to share, to keep the families up-dated. Some families are very co-operative in keeping me up to date, and as I'm sure you have found, if you are pursuing it to any extent, some do not co-operate, but I do my utmost to keep up dated.

I have helped in several endeavors as Peters by Ed Peters. Also for some of my families. Cools and Brovonts. But my children did not follow through with my genealogist interests. They like to read it, but if ask for data they say, "Ask my Mothet!"

Harry and I had over 58 happy years to-^{gether}~~gether~~, until his sudden illness and passing in December 1993. At 82 years he was very agile, and was working a 40 hour week, shearing steel for file cabinets, until his very sudden illness. He had surgery in September for an Aneurism, then in November for brain tumor.

This trivia probably does not interest you, but makes for a very lonely life for me, so I rattle on. I hope this is what you were hoping to obtain, and yes Gail Reed is a granddaughter of Henry Fletcher Brubaker.

Sincerely,

Naomi E. Brubaker

Dear Naomi,

I hope that address is correct. The name and address were "smeared" on the envelope. Your name was on your letter but nothing inside with the address.

THANK YOU very much for all the information!! I haven't begun to process it in the computer yet. I wanted to get a "thank you" note off in today's mail.

I enjoyed your "trivia." It does interest me. I, too, am a widow and I get very, very lonely. I'm still a full-time working woman but my hobby (genealogy) is an effort to keep busy and not think about how lonely I get. I LOVE FAMILY HISTORY!

A little about myself and my project to publish Frantz Families Kith & Kin. I went to Old German Baptist Brethren (OGBB) Annual Meeting for the first time in 1989, in Modesto, at the invitation of Lowell Beachler. It was all very new and exciting to me; I didn't know that aspect of my ancestry. Lowell stood with me near Donald and Freda's house and gestured across the grounds where thousands of members were standing around visiting. Lowell said: "You are related to more than half of these people." He introduced me to many "cousins" who later exchanged their family history with me.

Over the last seven years I've attended three annual meeting (and would have been to more if time and money had permitted). I've "met" many "cousins" personally and have corresponded with dozens more. My best sources of information have been Lela Landes Shoup, Gladys Cool Royer, Rosa Hufford Yoder Brovont -- and Lowell Beachler (among OGBB). Hazel Frantz Turner (Ch./Brethren) has provided lots of info, too.

If you see a copy of Frantz Families -- Kith & Kin you will see that I list Dore M. Frantz Sr. as the first name for the compilers. He was preparing a book over 50 years ago. I was blessed to be able to contact his (grown) children and get a copy of "the Dore Frantz Manuscript" and incorporate it with all the other information that I've collected.

I have stated over-and-over that I am a "compiler" of family history; I'm not a "researcher" as such but, of course, have done research in the process of compiling....

As a "compiler" I am at the mercy of those who provide me with information. Sometimes people supply "straight line" info about their ancestry. They just have their ancestors and little or no info on the siblings. Sometimes I don't have dates -- or someone sent "estimate" or "circa" dates. This may explain why I have your husband as the fifth child and not the first child.

If you see a set of Frantz Families -- Kith & Kin, you will be able to check my sources. I've listed where I got every bit of info. If it came from Marwin Brubaker than I have his name and address. I have an enormous amount of info from Marwin before he published John and Anna Myers Brubaker 1750-1995. (Yes, his book is a terrible disappointment. It can only be used like a dictionary. A quick "look up" without a lot of supportive info.)

If my info came from (example) The Studebaker Family in America I list all the publication info, author, page numbers, etc. If it came from Rosa's Yoder Brovont's Summaries from the Vindicator then volume numbers, page numbers, etc.

I may eventually publish a revised edition of Frantz Families -- Kith & Kin. I'm hoping that folks will send additional information regarding their families when they see where I have "bare branches" or wrong info.

Booklets like yours have been so very helpful to me in the past. Gladys Cool Royer, Alva Landes, and others, have sent me their little booklets. Please write back and tell me the name of your booklet because I will use that as my source with page numbers, author, publication info, etc.

There are so many families that have a connection to immigrant Michael Frantz. My computer database has over 36,000 names. I have had to include Brubaker's, Neher's, Crist's, Studebaker's, etc., etc. because they are all intermarried. I have to check every book and booklet that has OGGB families. PETERS, for example. I'm sure there is family info in that book that I need but I haven't ordered it yet. Flora/Flory is another name that is interwoven through FRANTZ. (Lela Landes Shoup has written to tell me that she is AMAZED at all the OGGB in Frantz Families Kith & Kin that she knows but didn't know they had Frantz connections.)

Lord Willing, time permitting, etc., I hope to include descendants right down to the present. I even told Lawrence Crist that I'm "greedy." I want names, birth and death dates, birth and death locations, names of parents of in-laws, marriage dates and locations.... I want biographical sketches and obituaries. Of course, all this information means an enormous amount of pages in printed form. I'm thrilled that I've had the opportunity to document over 17,500 direct descendants of immigrant Michael Frantz. I'm thrilled that you have sent me more info for my database. THANK YOU, THANK YOU, THANK YOU!

Naomi, my children aren't interested in genealogy, either. They aren't even interested in looking at the books and booklets that I have prepared. When I'm dead and gone; when they are "senior citizens" (like myself) then they may sit down and read about their ancestry. At least your children will sit down and read about it now.

Sincere best wishes from

d.
